

DON'T LET YOUR CENTRE PASSENGER MAKE DO WITH ONLY A LAP STRAP!

Quickfit has been established for nearly 42 years and has always specialised in the fitting of seat belts for all applications going back to the days when seat belts were not even fitted by the car manufacturers, so we have plenty of experience!

Range Rover

*Most Applications Available
Original Seatbelts can be re-webbed*

*Centre lap
and diagonal
seat belt*

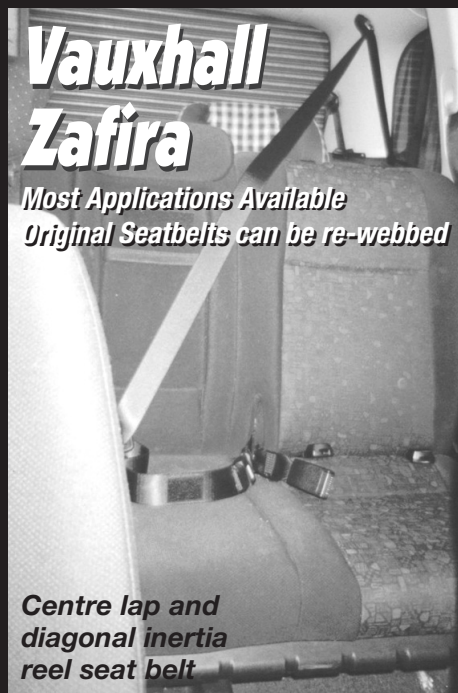

Make sure they are as safe as possible with our wide range of centre lap and diagonal seat belts for all car types.

STATIC AND INERTIA REEL BELTS for

- **SALOONS**
- **HATCHBACKS**
- **ESTATES**
- **MPV'S AND 4X4'S**

Vauxhall Zafira

*Most Applications Available
Original Seatbelts can be re-webbed*

*Centre lap and
diagonal inertia
reel seat belt*

CP11.07/AC20/2

Existing seat belts lengthened to cater for either infant carriers, seats for new born babies, or for the larger driver/passengers where the seat belts are too short.

REAR SEAT CONVERSIONS FOR ESTATE CARS AND 4X4'S.

We are the only company that specialise in the fitting of seat belts to all types of vehicles.

We have our own manufacturing facility that allows us to take the vehicle and design and manufacture the complete system on site, while the customer waits.
